

SPRING 2026
Commencement

Greetings from President Landry

Members of the Class of 2026: On behalf of the University of Florida, I am thrilled to recognize your hard work and accomplishments in reaching this day. My deepest congratulations!

Today is a day of celebration and anticipation for the next exciting phase of your lives. I join you in thanking your professors, mentors, family and friends who have supported you in your journey.

I hope that your success at one of the nation's very best public universities gives you confidence in pursuing your boldest ambitions. I also hope that your experiences here—whether forming friendships, overcoming challenges or discovering new paths—have helped you develop humility and resolve, confidence and compassion. May you embrace what comes next with a generous spirit, a feeling of openness, and a commitment to utilize your individual talents to the greatest good.

You have been important to this university. Your contributions to your classes and majors will benefit future generations of students. Thank you for being a vital part of our community.

I hope that you will look back on this period with fondness and appreciation, and that you will remain connected to UF as distinguished alumni.

Again, congratulations and Go Gators.

Donald Landry

Dr. Donald Landry

Donald Landry has served as the interim president of the University of Florida since September 1, 2025. Prior to his appointment, he was the founding director of the Burch-Lodge Center for Human Longevity at Columbia as well as Chair Emeritus of the Department of Medicine at Columbia University and past Physician-in-Chief at New York-Presbyterian Hospital/Columbia University Medical Center, leading the Department and the Medical Service from 2007–2023. He is also past founding director of the Division of Experimental Therapeutics.

Dr. Landry completed his PhD in Organic Chemistry with Nobel laureate R.B. Woodward at Harvard University in 1979 and then obtained the MD degree from Columbia University in 1983. After completing his Residency in Internal Medicine at the Massachusetts General Hospital/Harvard Medical School, he returned to Columbia for training as an NIH Physician-Scientist, 1985–90, and remained as an active member of the Columbia faculty until his appointment to the UF presidency.

UNIVERSITY-WIDE COMMENCEMENT AGENDA

FRIDAY, MAY 1, 7:00 P.M.

Presiding	Donald Landry <i>Interim President</i>
Processional	UF Commencement Band and Choir
National Anthem	UF Commencement Band and Choir
Welcome	Donald Landry
Introductions	Joseph Glover <i>Interim Provost and Executive Vice President - Academic Affairs</i>
Acknowledgment of Distinguished Awards	
Distinguished Alumnus	Ron Antevy, <i>Herbert Wertheim College of Engineering</i>
Distinguished Alumnus	Ferdinand Müller-Rommel, <i>College of Liberal Arts and Sciences</i>
Alumni Association Remarks	Rebecca Brock <i>President, UF Alumni Association, Inc.</i>
Commencement Address	Chris Malachowsky <i>Co-Founder, NVIDIA</i>
Presenting Candidates for Degrees	Joseph Glover Deans of the Colleges
Closing Remarks	Donald Landry
Alma Mater	UF Commencement Band and Choir
Recessional	"I Won't Back Down" ©1989 Written by Tom Petty and Jeff Lynne Performed by Tom Petty <i>Album: Full Moon Fever</i>

Commencement Speaker

Chris Malachowsky

Founder and NVIDIA Fellow

Chris Malachowsky is a co-founder of NVIDIA, the technology company established in 1993 that helped pioneer accelerated computing and modern artificial intelligence. Over more than three decades, he has played a central role in transforming NVIDIA from a startup focused on gaming and visual computing into a global leader whose innovations power breakthroughs in research, science, and medicine.

Before co-founding NVIDIA, Malachowsky held engineering roles at HP and Sun Microsystems. At NVIDIA, he led core technology initiatives spanning product engineering and research, helping advance the GPU into a foundational platform for high-performance computing and AI.

A proud alumnus of the University of Florida, Malachowsky earned his Bachelor of Science in Electrical Engineering with high honors before completing a Master of Science in Computer Science at Santa Clara University.

His enduring commitment to UF is embodied in Malachowsky Hall, a next-generation collaborative hub that brings together UF's Herbert Wertheim College of Engineering, College of Medicine, and College of Pharmacy—

all dedicated to advancing AI research and educating the next generation of innovators.

An inventor with many patents and a member of the Florida Inventors Hall of Fame, Malachowsky has dedicated his career to pushing the boundaries of what computing can achieve and to empowering engineers and students to do the same.

Distinguished Alumnus Award

Ron Antevy

*Managing Director
Antevy Capital*

Ron Antevy is a highly recognized leader in enterprise software and Software as a Service (SaaS). In 1998, Antevy teamed up with his brother to lead and grow e-Builder, Inc. Under his leadership, the company grew consistently, profitably, and without debt, becoming the leading construction management software for facility owners in North America. In 2018, the company was acquired by Trimble for \$500 million, and it continues to be an integral part of their strategy to transform the construction industry. Following the acquisition, Antevy launched Trimble Ventures, a \$200 million corporate venture fund investing in companies that align with Trimble's mission. In 2022, he launched and currently manages Antevy Capital; his family office focuses on investing in innovative companies and entrepreneurs.

Antevy is the recipient of numerous awards for outstanding leadership, including being named Ultimate CEO and Power Leader by the South Florida Business Journal, Top 50 SaaS CEO by the SaaS report, and the EY Entrepreneur Of The Year. He received the S. Clark Butler Pinnacle Award from the University of Florida and was named one of Florida's 500 most influential business leaders by Florida Trend. Antevy was inducted into the University of Florida College of Design, Construction and Planning Hall of Fame in 2020 and into the Junior Achievement of South Florida Business Hall of Fame in 2022.

Antevy is a graduate of the University of Florida College of Engineering, earning his bachelor's degree in Civil Engineering. He is a registered Professional Engineer in the state of Florida, and he is devoted to supporting education, innovation, and entrepreneurship in the community. He is a member of the UF Herbert Wertheim College of Engineering Dean's Advisory Board, the University of Southern California Viterbi School of Engineering Board of Councilors, the Board of Governors of the Alan B. Levan Nova Southeastern University Broward Center of Innovation, and the Sheriff's Foundation of Broward County Board of Directors. He also serves on several corporate boards, and his involvement and leadership continue to shape the technology and construction sectors.

Distinguished Alumnus Award

Ferdinand Müller-Rommel

Director

Center for the Study of Democracy

Ferdinand Müller-Rommel is professor emeritus of Comparative Politics at Leuphana University Lüneburg, Germany, and a long-standing director of the Center for the Study of Democracy (CSD). He is also an alumni professor at the European University Institute in Florence, Italy, and an affiliated professor at the University of California, Irvine.

After receiving his MA from the University of Florida in 1976, he enrolled in graduate programs at the University of Michigan and the Free University of Berlin, where he received his PhD in 1980.

His professional career started as a junior policy advisor in the Chancellor's Office of the Federal Republic of Germany, where he worked for Chancellors Helmut Schmidt and Helmut Kohl.

In 1983, he returned to academic life. He has held professorial positions at the University of Miami; the University of New England, Australia; the University of Siena; the European University in Florence; the University of Düsseldorf; and Leuphana University in Lüneburg.

Müller-Rommel received a John F. Kennedy Memorial Fellowship at Harvard, and he was a Fulbright Distinguished Chair in Modern German Studies at the University of California, Santa Barbara. He also obtained Jean Monnet and Fernand Braudel Fellowships, both at the European University in Florence.

He has been the president of the German Political Science Association (GPSA) and the vice

president of both the European Consortium of Political Research (ECPR) and the International Political Science Association (IPSA).

His research focuses on the comparative analysis of political parties, governments, and party systems, as well as political leaders in European democracies. On these topics, he has published numerous books and articles. His latest book publications are with Oxford University Press, 2020 (Political Executives) and with Macmillan/Palgrave Press, 2022 (Prime Ministers in Europe).

For his major comparative research projects, he has received grants from the German Science Foundation, the European Science Foundation, the European Commission, the Volkswagen Foundation, the Thyssen Foundation, and the World Bank.

Outstanding Student Leaders and Scholars

The selection committee for Outstanding Student Scholars considers grade point average, curriculum, academic awards, research project, or honors thesis. The selection committee for Outstanding Student Leaders considers the quality and scope of leadership experience, special awards, recognition, and recommendations of faculty, staff, and students.

Diplomas

Diplomas will be mailed to the graduates' diploma mailing address beginning in July of 2026.

*Cum Laude

**Magna Cum Laude

***Summa Cum Laude

(Cum Laude, Magna Cum Laude, and Summa Cum Laude are tentative and subject to final grades.)

Chain of Office

This custom-made ornament is worn with the president's regalia, symbolizing the authority and responsibilities of the office. The chain is engraved with the names and service years of the university presidents. The medallion's centerpiece is a 1.3-carat diamond.

Academic Mace

Dating back to the Middle Ages, the mace symbolizes strength and authority. The UF ceremonial mace was created for the university's sesquicentennial celebration in 2003. The 70-inch staff features an alligator sitting atop a globe.

The four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university's chief marshal, who leads all academic processions, carries the mace.

Caps and Gowns, An Explanation

The academic regalia worn by graduating students and faculty in this era evolved from a style of dress worn by members of guilds and religious orders in medieval times. The academic gown is worn by individuals who have earned a degree in higher education. In addition, hoods are worn by graduate degree candidates but not by undergraduate degree candidates.

At the University of Florida, the lining of the hood has a blue chevron on an orange background to represent the university colors. University faculty members who hold degrees from another college or university wear the colors of their alma mater.

The velvet edging on the academic hood is the color that represents the particular degree held by the wearer. Agricultural and Life Sciences and Forest Resources and Conservation share maize edging; Design, Construction and Planning and Building Construction are lilac; Audiology degrees have colonial blue edging; Business Administration and Accounting are the color drab; Dentistry is lilac; Education is light blue; Engineering degrees are represented by orange edging; Fine Arts degrees have brown edging; Health and Human Performance is sage green; Journalism and Communications is garnet; Law is purple; Liberal Arts is white, and Liberal Sciences is gold yellow; Medicine is green; Music is pink; Natural Resources and Environment is antique gold; Nursing is apricot; Doctor of Occupational Therapy is slate blue; Doctor of Pharmacy is olive; Philosophy is royal blue; Public Health degrees have salmon pink edging; Rehabilitation Counseling degrees have Nile green edging; and Veterinary Medicine is gray.

Distinctions among sleeves indicate the type of degree held by the wearer. A long, pointed sleeve indicates a bachelor's degree, while a long, closed sleeve with a slit near the upper part of the arm designates a master's degree. A round, open sleeve identifies a doctoral degree.

The blue doctoral regalia also has velvet running on the rest of the gown, including crossbars on the sleeve. Colored tassels on the degree candidates' caps indicate a candidate's school or college.
