
SPRING 2025

Commencement

Greetings from the President

On behalf of the University of Florida, our faculty and our entire university community, I would like to extend my deepest congratulations to you, the graduates of 2025.

Today's ceremony celebrates your remarkable accomplishment in earning a degree from one of the nation's very best public universities. I applaud you for your years dedicated to honing your scientific, creative and analytical skills, and for your resilience and persistence in earning your degrees. I join you in thanking your professors, mentors and the family and friends who have supported you.

Today is a day for celebration and for anticipation of your bright future ahead. I'm confident that the experience you had at UF, and the knowledge you gained, will serve you well in life, whatever career or path you choose next.

The university has benefited from having you here, and from your contributions to your classes, majors and peers. We are grateful to you. We hope that you will look back on this period with fondness and appreciation, and that you will remain connected to UF as active members of our distinguished alumni.

Best wishes, and always remember: It is Great to be a Florida Gator!

W. Kent Fuchs

University of Florida President

Dr. W. Kent Fuchs

Dr. Kent Fuchs began serving as Interim President of the University of Florida in August 2024. A professor in the UF Department of Electrical and Computer Engineering, he was the university's 12th president from 2015 to 2023.

Dr. Fuchs led UF into the ranks of the nation's best public universities during his tenure, with the university's stature increasing more than any other research university in the nation. Among other advancements, UF topped \$1 billion in annual research, surpassed \$4.6 billion in philanthropy, and created and filled more than 600 new faculty positions, establishing national prominence in artificial intelligence and other areas of strategic importance.

Previous to the UF presidency, Dr. Fuchs was provost of Cornell University. He also served in academic leadership positions and as a faculty member of electrical and computer engineering at Cornell, Purdue and the University of Illinois.

He has been elected fellow of the American Academy of Arts and Sciences, the American Association for the Advancement of Science, the Institute of Electrical and Electronics Engineers and the Association for Computing Machinery and has received numerous awards for teaching and research.

He earned his doctorate in electrical and computer engineering from the University of Illinois, and a Master of Divinity from Trinity Evangelical Divinity School. He also holds a Bachelor of Science in Engineering from Duke University.

UNIVERSITY-WIDE COMMENCEMENT AGENDA

FRIDAY, MAY 2, 7:00 P.M.

Presiding	W. Kent Fuchs <i>Interim President</i>
Processional	UF Commencement Band and Choir
National Anthem	UF Commencement Band and Choir
Welcome	W. Kent Fuchs
Introductions	Joseph Glover <i>Interim Provost and Executive Vice President - Academic Affairs</i>
Acknowledgment of Distinguished Awards	
Honorary Degree	Sachio Semmoto, <i>Herbert Wertheim College of Engineering</i>
Distinguished Achievement Award	Michael A. Singer, <i>College of Liberal Arts and Sciences</i>
Distinguished Alumnus	Mario Cartaya, <i>College of Design, Construction and Planning</i>
Distinguished Alumna	Evelyn Moore Mickle, <i>College of Nursing</i>
Distinguished Alumna	Victoria Reyes-García, <i>College of Liberal Arts and Sciences</i>
Distinguished Alumnus	David Wantman, <i>Herbert Wertheim College of Engineering</i>
Alumni Association Remarks	Jess J. Johnson <i>President, UF Alumni Association, Inc.</i>
Commencement Address	W. Kent Fuchs
Presenting Candidates for Degrees	Joseph Glover Deans of the Colleges
Conferring of Degrees	Marsha D. Powers <i>Member, UF Board of Trustees</i>
Closing Remarks	W. Kent Fuchs
Alma Mater	UF Commencement Band and Choir
Recessional	"I Won't Back Down" ©1989 Written by Tom Petty and Jeff Lynne Performed by Tom Petty Album: <i>Full Moon Fever</i>

Honorary Degree Award

Sachio Semmoto, Ph.D.

*Serial Entrepreneur and
Founder, KDDI*

Sachio Semmoto received his undergraduate degree in Electrical Engineering from Kyoto University, Japan, in 1966 and his Ph.D. in Electrical Engineering from the University of Florida in 1971. Dr. Semmoto is a highly successful entrepreneur with more than 30 years of experience in senior management positions with several leading Japanese telecommunication companies.

His career began when he joined Nippon Telegraph and Telephone Public Corporation (NTT, Japan) in 1966, staying until 1983. In 1984, after successfully campaigning to establish a deregulated telecommunications industry in Japan, he co-founded Japan's first private telecom startup, DDI, now KDDI. It is now the second-largest telecom company in Japan.

Dr. Semmoto currently serves as the executive chairman of RENOVA, Inc., a renewable energy power company headquartered in Tokyo, Japan. Under his leadership, RENOVA has grown from a private startup to become Japan's leader in renewable energy, publicly listed on the Tokyo Stock Exchange in 2017. The company continues to develop innovative large-scale renewable energy plants, including offshore wind, large-scale biomass, and utility-

scale solar PV. With his entrepreneurial and management experience, combined with an extensive network, Dr. Semmoto is deeply engaged with RENOVA's business activities.

In the past, Dr. Semmoto has served on the boards of several world-class companies, including NetApp, a leading cloud/data management company in Silicon Valley (US), and Reuters Shareholding Company, a first-class communications company (UK).

Distinguished Achievement Award

Michael A. Singer

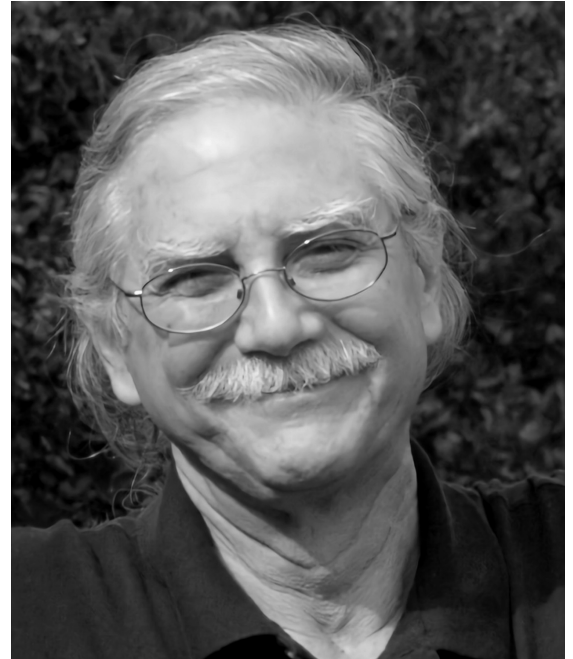

Best-selling Author, IT Developer, and Entrepreneur

Michael A. Singer is a best-selling author, IT developer, and entrepreneur who earned his B.A. in Economics in 1969 and an M.A. in Business Administration in 1970, both from the University of Florida.

In 1980, Singer created a leading-edge software package that transformed the medical practice management industry and was the first in the country to allow electronic claims billing in all 50 states. With Singer as CEO, it grew into a billion-dollar public company whose achievements are archived in the Smithsonian Institution.

Singer has also authored multiple books, all of which have appeared on *The New York Times* Best Sellers list. These include the #1 bestseller *The Untethered Soul* (2007), which has sold over 5 million copies and has been published in over 40 countries in their native language. His other bestsellers, *The Surrender Experiment* (2015) and *Living Untethered* (2022) have also been published worldwide. In 2012, Singer and *The Untethered Soul* were featured on Oprah Winfrey's *Super Soul Sunday* and *Good Morning America*.

In 1971, while working on his doctorate in economics, Singer had a profound inner awakening and went into seclusion to focus on yoga and meditation. In 1975, he founded

Temple of the Universe, a non-profit yoga and meditation center where people of any religion or set of beliefs still come together to experience inner peace through classes for spiritual growth and daily meditations.

Along with his more than five decades of spiritual teaching, Singer has made major contributions in the areas of art, business, education, healthcare, and environmental protection. His leadership and numerous achievements have made a significant impact on UF, as well as on the world, the nation, the state, and the local Gainesville community.

Distinguished Alumnus Award

Mario Cartaya

Founder, Cartaya & Associates Architects P.A.

Mario Cartaya was born in Havana, Cuba, in 1951. At the age of nine, the changing political climate in Cuba forced his family to emigrate to the United States. Mario adapted well to his new country, graduating from the University of Florida with a bachelor's degree in architecture (high honors) in 1974 and a master's degree in building construction in 1975. After graduation, for the next 43 years, Cartaya went on to make a lasting impact in South Florida with his highly acclaimed architectural firm and community involvement in Fort Lauderdale. In 2019, his achievements were entered into the Congressional Record in the Library of Congress. In 2022, the House of Representatives flew an American flag over the capitol in his honor.

Cartaya's architectural legacy will always be on display in his award-winning buildings, including the Broward County Courthouse, Pembroke Pines City Center, Miramar City Hall, Miramar Police Station, Miramar Performing Arts Building, Islamorada City Hall, Fort Lauderdale Airport Terminal 1 and Consolidated Rental Car Center, Broward College Fine Arts Building, Fort Lauderdale Aquatic Center, the Weston, Miramar, and Tamarac community libraries, 22 elementary and middle schools, and numerous residential, office, retail, and hospital projects. His designs were featured in multiple publications including *The Wall Street Journal*, *Miami Herald*, *Sun Sentinel*, *South Florida Business Journal*, *Better Homes & Gardens*, *South Florida Business & Wealth*, and *Architectural Record*.

Cartaya also worked with President Bill Clinton, Senator Bob Graham, and Secretary of State John Kerry as a policy adviser. He served on the Broward College District Board of Trustees for eight years (twice as chair) and on the boards of the American Heart Association, the American Cancer Society, and the United Way Tocqueville Society. Presently, he serves on two boards for the University of Florida: the Dean's Advisory Council for the College of Design, Construction and Planning and the Council of Advisors for the Bob Graham Center for Public Service.

Now retired from his architectural firm, Cartaya has turned his attention to writing books and lecturing for the Florida Humanities Speakers Bureau with the same dedication and love that made him an iconic designer and his works architectural successes.

Distinguished Alumna Award

Evelyn Moore Mickle

Mrs. Evelyn M. Moore Mickle, B.S.N., R.N. graduated from the University of Florida College of Nursing in 1967, three years after the Civil Rights Act of 1964. She became the first African American graduate from this program by achieving a historic milestone, breaking barriers, and paving the way for future generations of students.

Following graduation, Mrs. Mickle embarked on a distinguished career, with over 55 years of experience spanning psychiatric, pediatric, and medical nursing. Leadership in health education and commitment to community equity remain pillars of her personal and professional life. Deeply invested in volunteerism, she has promoted educational reform, health advocacy, and social justice, which continues to significantly impact communities through her non-profit work.

Mrs. Mickle's remarkable contributions have been recognized throughout the years. She was nominated for Florida School Nurse of the Year in 1994 and received a Brick of Honor in the UF Commemorative Circle in 2009. The UF Association of Black Alumni named her a Gator Pioneer in 2013. The UF College of Nursing named her as one of its 60 Gator Nurse Greats in 2016 and as the College's Alumna of the Year in 2022.

As a pillar of the Gainesville community, Mrs. Mickle has inspired Gator Nurses and others through her volunteerism, storytelling, and mentorship. Among these relationships, she has demonstrated a commitment of support to others who are driven to positively make a difference in the world through education and service.

Mrs. Mickle's family legacy at UF includes her late husband, Judge Stephan P. Mickle, the first African American to earn a bachelor's degree from UF, who also obtained a master's and a juris doctor from UF's Levin College of Law, where their eldest daughter also graduated. Judge Mickle served as a UF law professor (1971–2012) and was a distinguished jurist at both state and federal levels. Like Mrs. Mickle, he was honored with the UF Distinguished Alumnus Award.

Mrs. Mickle's lifelong dedication to health care, education, and community service continues to leave an enduring impact. The University of Florida and its College of Nursing are proud to honor Mrs. Evelyn M. Moore Mickle with the University of Florida Distinguished Alumna Award.

Distinguished Alumna Award

Victoria Reyes-García

ICREA Research Professor

Victoria Reyes-García earned a Ph.D. in Anthropology in 2001 from the University of Florida. Dr. Reyes-García has been an ICREA Research Professor at the Institut de Ciència i Tecnologia Ambientals, Universitat Autònoma de Barcelona (ICTA-UAB) since 2006. Her research centers on Indigenous and local knowledge systems and their contributions to addressing contemporary environmental challenges, including biodiversity loss and climate change.

From 1999 to 2004, she lived among the Tsimane', an Indigenous group in the Bolivian Amazon, and has conducted extensive fieldwork in diverse settings, including Spain, India, Mexico, Cameroon, Indonesia, and Senegal. She leads the Laboratory for the Analysis of Socio-Ecological Systems in Globalised World (LASEG), a research group analyzing the impacts of global change on social-ecological systems.

Dr. Reyes-García has authored or co-authored about 300 peer-reviewed articles, co-edited three books, and supervised 25 Ph.D. students. Major funding agencies, including the National Science Foundation (NSF) and the European Research Council (ERC), have supported her research.

From 2010 to 2015, she directed an ERC Starting Grant exploring the relationships between biological and cultural diversity through a cross-cultural lens. In 2017, she secured an ERC Consolidator Grant to examine how Indigenous

and local knowledge can inform research on climate change impacts.

Dr. Reyes-García has actively contributed to international policy efforts, such as the workshop report co-sponsored by the Intergovernmental Platform on Biodiversity and Ecosystem Services (IPBES) and the Intergovernmental Panel on Climate Change (IPCC), the IPBES's Global and Transformative Change assessments, and UNESCO's Network for Earth. Her work has been recognized with numerous honors, including the Narcís Monturiol Medal for scientific merit (2020), election as an international member of the U.S. National Academy of Sciences (2021), and membership in the French Academy of Agriculture (2022).

Distinguished Alumnus Award

David Wantman, PE

Chief Executive Officer, WGI

David Wantman is a professional engineer and the chief executive officer of WGI, a national design and professional services firm specializing in technology-based solutions for public infrastructure and real estate development. Founded by his family in 1972, WGI has grown significantly under his leadership, encompassing more than 600 associates across 24 offices in eight states. His deliberate approach continuously propels the firm forward through a combination of organic growth and strategic acquisitions, ensuring its position as an industry leader.

David's exposure to the engineering consulting industry began at an early age—he started working in the business at just 13. He went on to earn a Bachelor of Science in Civil Engineering from the University of Florida in 1990. He remains deeply involved with the university, serving as an advisory board member for the Herbert Wertheim College of Engineering and chairing the Advisory Board of the Engineering School of Sustainable Infrastructure & Environment, reflecting his commitment to the advancement of engineering education.

David is passionate about WGI's core values—Passion for People, Be the Change You Seek, and Commit to Greatness. He believes in fostering a culture in which every team member is empowered to make a difference, challenge the status quo, and pursue excellence in every endeavor. His commitment to these principles is instrumental in shaping WGI's solid reputation as a firm that prioritizes innovation, collaboration, and professional growth.

Under his leadership, WGI received numerous accolades, including a ranking of #171 on the Engineering News-Record's list of the Top 500 Design Firms in 2024. In 2021, the firm was honored as Southeast Design Firm of the Year, and in 2023, WGI rose to #1609 on the Inc. 5000 list of the fastest-growing private companies in America. The firm WGI is a two-time Gator 100 honoree, recognizing its status as one of the fastest-growing UF alumni-owned corporations.

For five consecutive years, the *South Florida Business Journal* has recognized David as a Power Leader in Real Estate. He is deeply committed to community engagement and the continued advancement of the engineering profession.

Outstanding Student Leaders and Scholars

The selection committee for Outstanding Student Scholars considers grade point average, curriculum, academic awards, research project, or honors thesis. The selection committee for Outstanding Student Leaders considers the quality and scope of leadership experience, special awards, recognition, and recommendations of faculty, staff, and students.

Caps and Gowns, An Explanation

The academic regalia worn by graduating students and faculty in this era evolved from a style of dress worn by members of guilds and religious orders in medieval times. The academic gown is worn by individuals who have earned a degree in higher education. In addition, hoods are worn by graduate degree candidates but not by undergraduate degree candidates.

At the University of Florida, the lining of the hood has a blue chevron on an orange background to represent the university colors. University faculty members who hold degrees from another college or university wear the colors of their alma mater.

The velvet edging on the academic hood is the color that represents the particular degree held by the wearer. Agricultural and Life Sciences and Forest Resources and Conservation share maize edging; Design, Construction and Planning and Building Construction are lilac; Audiology degrees have colonial blue edging; Business Administration and Accounting are the color drab; Dentistry is lilac; Education is light blue; Engineering degrees are represented by orange edging; Fine Arts degrees have brown edging; Health and Human Performance is sage green; Journalism and Communications is garnet; Law is purple; Liberal Arts is white, and Liberal Sciences is gold yellow; Medicine is green; Music is pink; Natural Resources and Environment is antique gold; Nursing is apricot; Doctor of Occupational Therapy is slate blue; Doctor of Pharmacy is olive; Philosophy is royal blue; Public Health degrees have salmon pink edging; Rehabilitation Counseling degrees have Nile green edging; and Veterinary Medicine is gray.

Distinctions among sleeves indicate the type of degree held by the wearer. A long, pointed sleeve indicates a bachelor's degree, while a long, closed sleeve with a slit near the upper part of the arm designates a master's degree. A round, open sleeve identifies a doctoral degree.

The blue doctoral regalia also has velvet running on the rest of the gown, including crossbars on the sleeve. Colored tassels on the degree candidates' caps indicate a candidate's school or college.
