

COMMENCEMENT

SUMMER 2024
Commencement

Greetings from the President

On behalf of the University of Florida, our faculty and our entire university community, I would like to extend my deepest congratulations to you, the graduates of 2024.

Today's ceremony celebrates your remarkable accomplishment in earning a degree from one of the nation's very best public universities. I applaud you for your years dedicated to honing your scientific, creative and analytical skills, and for your resilience and persistence in earning your degrees. I join you in thanking your professors, mentors and the family and friends who have supported you.

Today is a day for celebration and for anticipation of your bright future ahead. I'm confident that the experience you had at UF, and the knowledge you gained, will serve you well in life, whatever career or path you choose next.

The university has benefited from having you here, and from your contributions to your classes, majors and peers. We are grateful to you. We hope that you will look back on this period with fondness and appreciation, and that you will remain connected to UF as active members of our distinguished alumni.

Best wishes, and always remember: It is Great to be a Florida Gator!

W. Kent Fuchs

University of Florida President

Dr. W. Kent Fuchs

Dr. Kent Fuchs began serving as Interim President of the University of Florida August 1. A professor in the UF Department of Electrical and Computer Engineering, he was the university's 12th president from 2015 to 2023.

Dr. Fuchs led UF into the ranks of the nation's best public universities during his tenure, with the university's stature increasing more than any other research university in the nation. Among other advancements, UF topped \$1 billion in annual research, surpassed \$4.6 billion in philanthropy, and created and filled more than 600 new faculty positions, establishing national prominence in artificial intelligence and other areas of strategic importance.

Previous to the UF presidency, Dr. Fuchs was provost of Cornell University. He also served in academic leadership positions and as a faculty member of electrical and computer engineering at Cornell, Purdue and the University of Illinois.

He has been elected fellow of the American Academy of Arts and Sciences, the American Association for the Advancement of Science, the Institute of Electrical and Electronics Engineers and the Association for Computing Machinery and has received numerous awards for teaching and research.

He earned his doctorate in electrical and computer engineering from the University of Illinois, and a Master of Divinity from Trinity Evangelical Divinity School. He also holds a Bachelor of Science in Engineering from Duke University.

Commencement Speaker

Paul Lim, Ph.D.

*Professor of Humanities
UF Hamilton Center*

Paul Lim is a professor of humanities at the University of Florida's Hamilton Center. Before coming to the University of Florida in 2024, he taught at Vanderbilt University, the University of Chicago, Gordon-Conwell Seminary, and the University of Cambridge.

Paul is an award-winning historian of Christianity, with particular foci on post-Reformation theologies between 1600 and 1800 and contemporary global Christianity. His book *Mystery Unveiled: The Crisis of the Trinity in Early Modern England* won the 2013 Roland H. Bainton Prize as the best book in history or theology by the Sixteenth Century Society and Conference. He has written two other books: *The Cambridge Companion to Puritanism* and *In Pursuit of Purity, Unity and Liberty: Richard Baxter's Puritan Ecclesiology in Its Seventeenth-Century Context*.

He is currently working on two book projects: *The Forgotten God? Jesus in Enlightenment England* and *Ministering in the City of Angels: Korean-American Presbyterians in Los Angeles*. His research has been sponsored by the Henry Luce Grant in Theology; Folger Shakespeare Library; Louisville Institute Faculty Grant; Vanderbilt University Research Fellows Grant; the Archbishop Cranmer Fund; and the Doorae Community Fund.

Paul is also a popular speaker—his story of "Lost-and-Found," a YouTube video, has reached over 2 million views. He has given talks and engaged in learning in such diverse venues as death row at the Riverbend Maximum Security Prison in Nashville, an underground theological school in Vietnam, endowed lectures at Harvard, and invited talks at St Andrews, Oxford, Geneva, Nairobi, Warsaw, Nagoya, and Rotterdam.

Chain of Office

This custom-made ornament is worn with the president's regalia, symbolizing the authority and responsibilities of the office. The chain is engraved with the names and service years of the university presidents. The medallion's centerpiece is a 1.3-carat diamond.

Academic Mace

Dating back to the Middle Ages, the mace symbolizes strength and authority. The UF ceremonial mace was created for the university's sesquicentennial celebration in 2003. The 70-inch staff features an alligator sitting atop a globe. The four pillars supporting the globe represent the four original colleges: Agriculture, Engineering, Law, and Liberal Arts. The staff is carved from cherry wood. The university's chief marshal, who leads all academic processions, carries the mace.

Diplomas

Diplomas will be mailed to the graduates' diploma mailing address in October of 2024.

Caps and Gowns, An Explanation

The academic regalia worn by graduating students and faculty in this era evolved from a style of dress worn by members of guilds and religious orders in medieval times. The academic gown is worn by individuals who have earned a degree in higher education. In addition, hoods are worn by graduate degree candidates but not by undergraduate degree candidates.

At the University of Florida, the lining of the hood has a blue chevron on an orange background to represent the university colors. University faculty members who hold degrees from another college or university wear the colors of their alma mater.

The velvet edging on the academic hood is the color that represents the particular degree held by the wearer. Agricultural and Life Sciences and Forest Resources and Conservation share maize edging; Design, Construction and Planning and Building Construction are lilac; Audiology degrees have colonial blue edging; Business Administration and Accounting are the color drab; Dentistry is lilac; Education is light blue; Engineering degrees are represented by orange edging; Fine Arts degrees have brown edging; Health and Human Performance is sage green; Journalism and Communications is garnet; Law is purple; Liberal Arts is white, and Liberal Sciences is gold yellow; Medicine is green; Music is pink; Natural Resources and Environment is antique gold; Nursing is apricot; Doctor of Occupational Therapy is slate blue; Doctor of Pharmacy is olive; Philosophy is royal blue; Public Health degrees have salmon pink edging; Rehabilitation Counseling degrees have Nile green edging; and Veterinary Medicine is gray.

Distinctions among sleeves indicate the type of degree held by the wearer. A long, pointed sleeve indicates a bachelor's degree, while a long, closed sleeve with a slit near the upper part of the arm designates a master's degree. A round, open sleeve identifies a doctoral degree.

The blue doctoral regalia also has velvet running on the rest of the gown, including crossbars on the sleeve. Colored tassels on the degree candidates' caps indicate a candidate's school or college.

Alma Mater

Florida, our Alma Mater
Thy glorious name we praise
All thy loyal sons and daughters
A joyous song shall raise.
Where palm and pine are blowing,
Where southern seas are flowing,
Shine forth thy noble Gothic walls,
Thy lovely vine-clad halls.
Neath the Orange and Blue victorious
Our love shall never fail.
There's no other name so glorious—
All hail, Florida, Hail!

Milton Yeats
